for US SENATE

North Dakota needs a BOLD, CONSERVATIVE fighter in Washington, DC. We need to put North Dakota first and America first! People are tired of typical country-club politicians who are not willing to take a stand for America.

My record in the legislature is solid, and my actions back up my words. This year I received a 100% rating from the American Conservative Union.

As your Senator, I will:

- Stand unapologetically for life, including blocking all Planned Parenthood funding
- Oppose every spending bill that puts us further into debt
- Scale back ALL federal infringements on the Second Amendment
- Fight to ensure the integrity of our elections, and return full authority to the states
- Support an America-first foreign policy and make sure other countries aren't taking advantage of our generosity
- Prevent any future infection-scare-based lockdowns and mandates based on junk science, and imposed by power-drunk officials
- Fight against the deep state and hold bureaucrats like Anthony Fauci accountable for lies and misinformation
- Finish building the wall and secure the border
- Abolish the Department of Education and return full local control to our schools
- Support term limits for all members of Congress
- Stop subsidizing "clean" energy and using the federal government to harass and over-regulate our energy industry
- Prevent China and other foreign bad actors from purchasing land in North Dakota, or placing themselves in our food and energy supply chains such as the Fufeng corn-milling plant

Representative Rick Becker, M.D. is a highly-regarded statesman who has been a bold voice advocating for freedom and conservatism in North Dakota. First elected to the House in 2012 and reelected in 2014 and 2018 by wide margins, Dr. Becker has fiercely and consistently fought against the status quo in the State Capitol. He has been a steadfast example of adhering to a platform of limited government, personal responsibility, limited taxation, protecting life, and preserving liberty. Most importantly, he has maintained fidelity to his oath to the federal and state constitutions.
